Last day morning, many participated in an eye screening camp organized by OSWB Community Ophthalmology Subcommittee and Bengal Ophthalmic Trust at Pussimbing Tea Estate, Ghoom, Darjeeling. Total 50 patients were screened. Refractive error diagnosed in 22, pterygium in 5, cataract in 8 patients. Others were normal and few having some allergic manifestations. Then, people attended the picnic, took many photographs amid beautiful lush green tea garden landscape, enjoyed lunch, and went back to Siliguri.

Members enjoyed to their heart's content in the recently concluded OSWB Mid-term Conference 2024.

I would like to take this opportunity to thank all my members who participated in large numbers and made this conference a thumping success. I would also like to thank my four Organizing Secretaries, namely Drs Lav Kochgaway, Diptesh Das, Swarup Roy and Supratik Banerjee for taking all the pains to make this conference a landmark event in the history of our Society.
